JUDGE BELL MEETS FEARFUL FATE IN SEATTLE

FORMER CIRCUIT JURIST IS KILLED IN STREET CAR ACCIDENT IN WEST

Mrs. Bell's Skull Crushed And Fears That She May Die Are Entertained--Details Of Dreadful Affair.

News received here Sunday morning of the fearful death of Judge William Conner Bell at Seattle occasioned much sorrow and general regret. A dispatch from Seattle to Monday morning's papers gave the details as follows:

Seattle, Wash., May 1.—Judge W. C. Bell, of Harrodsburg, was instantly killed and Mrs. Bell and 16 other persons were injured at 10 o'clock last night in a trolley wreck near Matheson Station, Orchard Beach. The accident was caused by a runaway car, heavily laden, colliding with the trolley car.

Judge and Mrs. Bell, in company with Mr. and Mrs. Ralph Goddard, formerly of Harrodsburg, but now living in this city, were returning to the Sorrento Hotel, where Judge Bell was registered, when the wreck occurred. Judge Bell lived only a few minutes after the city hospital was reached, where he was taken after being dug from beneath the wreckage. Mrs. Bell is in a critical condition. Her skull was badly crushed and little hope for her recovery is entertained. Traction officials lay the blame for the accident on a broken coupling pin.

A dispatch from Harrodsburg says: Judge Bell was 45 years old and was one of the most prominent Democratic lawyers in this section. He retired from the circuit bench of this district last January and was a prospective candidate for Attorney General. He and his wife left here a few days ago for a trip through the Northwest, intending to return via California and Mexico. The community was greatly shocked by the sad news. The Elks' lodge of Danville, of which he was a member, has wired the Seattle lodge to furnish all aid necessary to the injured widow and to have a member of the order accompany the body.

Education Boards

Get Much Authority In Court Of Appeals Decision.

In writing its opinion in deciding the case of the Logan county fiscal court against the board of education of Logan county, the Court of Appeals holds that, on request of the board of education, it is the duty of the fiscal court to levy property and capitalization tax if the request is within statutory limit; the fiscal court has no discretion. It is not necessary that the board set out specific purposes to which it intends to apply funds. The expenditure is entirely with the board. Whether or not the members of the board would be personally liable for an unauthorized disposition of the funds is not determined by the court.

Edwards In Saddle

At 11th District Republican Committee Meeting.

The friends of Congressman D. C. Edwards won a complete victory in the 11th Congressional district republican committee at Corbin Saturday. Fourteen of the members present voted for a primary election in the district on Sept. 15, as desired by Edwards, and four voted for a primary on the first Monday in August, as desired by Caleb Powers, who is contesting with Edwards for the Congressional nomination.

A committee was appointed to prepare a set of rules under which the primary is to be conducted, this committee to report to the Congressional committee by Aug. 27. The committee of three, all ardent Edwards supporters, is composed of J. G. Fitzgerald, Middleboro; Judge R. C. Tartar, Somerset; and Joseph Johnson, Perry county.

No Trace Of Body

Of A. T. Warren Can Be Found --Brother To Go To Scene.

Walter W. Warren will leave this week for Brownwood, Texas, to look after the effects and estate of his brother, A. T. Warren, who was blown to death in the premature explosion of dynamite in a railroad cut when he was in charge of the construction crew. No trace of Mr. Warren's body has ever been found, and it is the universal opinion that he was blown to fragments too minute and too widely scattered to be recovered.

Mr. Warren, of this place, has been in constant correspondence with the officials who investigated the disaster and have been searching for his brother's body. They are convinced that it will be impossible to ever discover any trace of the ill-fated man's body, and notified Mr. Warren to come and take charge of his brother's affairs.

Green River Camp Meeting

To Be Held At Jumbo Aug. 26 To Sept. 5, 1910.

Revs. Charlie D. Tillman, of Atlanta, Ga., and L. B. Bridges, of Wilmore, Ky., will do the preaching and singing. Rev. Tillman is of national reputation as a singer, and Rev. Bridges is a fine singer also. They will give the gospel in song as no other evangelists do, to our knowledge. Bro. Holmes, the blind pianist, of Cincinnati, O., will be with us and give us the sweetest music you ever heard on the instrument he has mastered. So we are glad to announce to all who are interested in our camp meeting that we have secured the best helpers that is possible to obtain, and wish to urge members to build you a cottage on the camp grounds and prepare to be with us. We are planning, by the grace of God, to have the best camp meeting that we ever had.

Respectfully, Clarence Sipple, Sec., London, Ky.

How About THIS ?

Farmers solve the fence problem by using The Brown, made of hard high carbon doubly galvanized coiled spring steel wire, guaranteed rust proof. Stay wires same size and material as lateral wires. Hundred and fifty styles to select from. The Brown put up right stays tight. Hog proof, original cost is no more than other fences, lasts longer, gives best service. Poultry fence (not netting), lawn white enamel fence and steel gates.

I can save you money and annoyance occasioned by the use of fence made of inferior grade of wire. Investigate and you will buy the Brown, the fence that excels.

CRAB ORCHARD TO HAVE BIG MILL

Indiana Capitalist Buys 12 Acre Tract and Will Finance Big Enterprise There.

T. F. Vohn, a prominent capitalist of Clinton, Indiana, has purchased 12 acres of land near the depot at Crab Orchard from the Burch heirs and Buchanans and will shortly begin the erection of a large flour mill there. It is planned to make it of 100 barrels per day capacity and endeavor to handle all of the wheat and cereal products in that section of Lincoln and the surrounding counties. The sum of \$1,200 was paid for the tract of land secured, the deed being filed in the office of the county clerk here.

It is understood that Mr. Vohn intends to cut up into town lots the portion of the property secured, which will not be necessary for the mill. The people of the thriving little city are greatly interested in the new enterprise and say that it is coming now by leaps and bounds.

Crowded Honse

Sees Two Clever Operettas By Stanford School Children.

So many people wanted to see the two operettas given by the children of the Stanford Graded School last Friday night that many could not find seats in the opera house and had to be turned away. The two plays were entitled "The Whole Year Round" and "Peppery Pa," and both were attractively staged and capably rendered. The first was a beautiful musical fantasy, with pretty scenic effects and sweet songs, and a number of the young performers showed unusual talent. All were excellently drilled in their parts and their teachers were highly commended for their work.

The "Peppery Pa" was a screaming farce comedy with musical features. Especial mention must be made of the good work of Morrison and Thomas Bright, Lester O'Bannon and Miss Winnie Davis Bibb, who carried out their parts in splendid histrionic style, tho' they were well supported by all in the cast, and appropriate costumes were employed.

Narrow Escape.

G. E. Lutes Thrown Out of Buckboard Into Green River.

G. E. Lutes, the well-known cattle trader, had a very narrow escape from drowning while crossing Green river in a buckboard, near Roy's Mill, in the southern end of the county, last week. The river had been high on account of the heavy spring rains, and all the usual fords were nearly impassable. Mr. Lutes was in the vehicle with Bob Murphy. They were picking their way slowly across the ford near the mill, when one wheel shot down into a hole which had been washed out by the heavy current, and Mr. Lutes was thrown out of the vehicle. The current was very swift, and for a time it seemed that he would be washed down stream, but Mr. Murphy managed to catch hold of him and helped him to safety.

He has from 143 to 148 barrels of it, and it is said to run in proof from 112 to 119.

SPLENDID SUCCESS AT CRAB ORCHARD

Was Presentation of Amateur Play --Interesting News Letter From Little City.

CRAB ORCHARD, May 2.—The play, "The Time of My Life," which was presented by the young ladies and gentlemen of our town on Friday evening, is worthy of special comment. It would be difficult to determine who did his or her part best; in fact, if justice is given each, we can only say all were equal to the character represented by each. To our mind, the most striking, attractive and charming feature of the play was the exceeding beauty of the young ladies, and the handsome young men. In the closing scene, when all were on the stage together, it looked like a rainbow of beauty.

Notwithstanding the inclement weather, the house was filled to standing-room. Many visitors from adjoining towns were present.

The cast of characters was of Crab Orchard talent, with the exception of Miss Lalla Nichols, who so graciously gave her assistance, being a guest of Miss Clara Collier at the time. In Miss Collier's character in the play as Mrs. Bob Gray, she displayed herself a pleasing hostess, regardless of the many domestic difficulties, and the footlights only added to her dark style of beauty. Miss Annie Bronaugh, as Mrs. Wycombe, filled her part admirably and never looked handsomer. In fact, three prettier young ladies would be hard to find. The male characters deserve eulogies as well—M. M. Perkins as Peter Wycombe, was a prince of pessimists and a whole host in himself; R. H. Bronaugh, Jr., deserves special comment, as being the heaviest in the cast, and he displayed more than ordinary talent in the role of Tom Carter. Thos. Moore, as colored butler, could not be beaten. I. M. Dillon as a man of peppery disposition did well and made quite a handsome middle-aged gentleman. Wilson Napier as Bob Gray and Lucien Dunn as policeman did justice to their parts, and Lucien looked quite his part in police attire.

Mrs. J. F. Holdam has cause to feel proud of her work as instructress. The music, which was rendered by the local orchestra, with Mrs. Robt. Thompson at the piano as accompanist, was very pleasing.

The Christian Endeavor, which has been organized for only a few months, is doing fine work, a real heart service. Much interest is being manifested. There is an old adage that "a little humor now and then is relished by the best of men," and it may not be out of order to repeat a little humorous incident which came to our ears last Sunday evening. A little lot of three summers inquired of his auntie as she was leaving home where she was going. She replied, "To the Christian Endeavor." He at once expressed a desire to go with her. When told by his mother he could not, because he would go to sleep and auntie could not carry him home. He began to weep and would not be comforted with all his mother's persuasions. She thought to ask him where his auntie was going and he answered: "She's going to the devil and I want to go with her!"

The Christian church has called for its pastor for the remainder of the year Rev. Donahoo, a student at Lexington, perhaps to preach two Sabbaths during the month.

The ladies of the Christian Aid Society planned to have an auction of some of their handiwork last Saturday evening, but were prevented.

We are glad to note an improvement in the condition of Mr. Francis Edmiston, who has been critically ill.

We think we voice the sentiment of our community when we extend a hearty welcome to Mr. Cummins and family, who have recently become citizens of our town.

Geo. B. Harris has returned from a business trip to Bowling Green.

We regret to learn that the firm of Edmiston & Holmes, dry goods merchants, who have been here a long time, are closing out their business. We hope they may find it to their interest to remain among us.

The snowball which has been thrown into the lap of spring has caused much damage to fruit and vegetables. However, we trust there is enough spared to supply the demand without advancing prices.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by G. L. Penny.

CRAB ORCHARD CHURCH WILL RECOVER \$1,050

If Senate Passes Claims Bill--Several Plums For Others In This Section.

The Baptist church of Crab Orchard is about to recover the neat sum of \$1,050 from the Federal government as an old war claim, for this claim has been allowed by the Senate Committee and the claims bill is now before the Senate for passage. A number of other churches and individuals in this part of the state are benefited in this bill, and will pick up neat sums if the bills get through, which it seems they are sure to do. There are several Garrard county parties interested. Among the beneficiaries of the bill besides the Crab Orchard church, are:

House Badly Damaged.

Fire Almost Destroys Home Of Liz Salter On East Main.

THE house of Lizzie Salter, colored, on East Main street, came very near being reduced to ashes Saturday morning. The roof was discovered ablaze and the fire alarm was turned in. In a few seconds the hose wagon was on the scene, but it took some time to make the couplings and from the time of the alarm until two large streams of water were being played upon the flames it was just five minutes. The fire laddies fought like Trojans and in less time than it takes to tell it the fire was extinguished. Lizzie had \$300 insurance on the house, \$300 on the furniture and \$100 on the barn, all in the Glens Falls Co., represented by that hustling firm, Fish & Pennington. No damage was done the barn, but the loss on the house exceeds the insurance and that on the furniture equals it. She has done much work with needle in order to hold the property and much sympathy is felt for her trouble. In going to the fire John A. Allen, one of Stanford's best fire fighters, fell and severely mashed his thumb. The origin of the fire is a complete mystery.

Let us call before the fire department and you are safe, no matter what happens. Fish & Pennington, insurance

Raise More Wheat

And Not so Much Tobacco, Says Commissioner of Agriculture.

Because the report of the crop condition in this state for the month of March showed a decided falling off in the acreage of wheat, Commissioner of Agriculture Rankin has decided to begin a campaign to induce the farmers of Kentucky to grow more wheat and less tobacco. He has a double purpose in this campaign, which will be one of education. He will try to get the farmers to get back to the old system of taking their wheat to the mill and having it ground for their own use, take their shorts and mill feed home and feed it to their stock and sell what is left, and not until they have first supplied their own wants. During the next year Commissioner Rankin is going to try to get every farmer in Kentucky to raise some wheat on his farm.

MAKES ITS SIXTEEN STRAIGHT WINS

Stanford Team Again Defeats Lancaster Before Big Crowd Here By 11 to 0.

The Stanford High School base ball team won its 16th straight victory here Friday when it defeated the Lancaster High School nine the second time this season. The score was almost as one sided as it was at Lancaster last week, for the home boys totaled up 11 big ones to 0 for the visitors. A big crowd was present. The one-sidedness of the score, however, does not give true indication of the character of the game, for until Doty, pitching for Lancaster, weakened in the fifth and the support behind him wobbled considerably, it was as pretty a contest as any one would wish to see. Doty is a green pitcher, but he has the goods and only needs work. In the first four innings the local sluggers only touched him for two hits, but they piled onto him and his men in the fifth and it was all one way after that. The Champs came to themselves in that round and it would have taken big leaguers to have headed them. They ran bases like deers and hit the ball to all parts of the park. "Hal Chase" McCarty, Morrison Bright and Mike Penny were the star performers of the day, though every man played well. Harris Coleman had an off day at third and is charged with three bad errors, but his triple in the fifth with two men on bases and his timely bingle in the eighth wiped the slate against him clean. McCarty was a wild man on the bases and batted like a fiend. Both of his hits were two baggers, and he worked a free pass in the eighth. Morrison Bright led the team in batting, getting three hits out of four times up, an average of .750. He was also very fleet on the bases, pilfering three sacks. Embury pitched a very heady game, working himself out of several bad holes, where a hit meant a run. Coleman's unassisted double play in the seventh was very classy. John M. Waters got under a long fly in the sixth, which got the "big one" and Singleton did some very nice work about short. For the visitors, Miller and Bastin carried off the batting honors. Two "old timers," Ware McRoberts and Arthur Joseph, were in the line up and strengthened the team very much, showing flashes of their old form. As usual John McRoberts sacked everything around his garden. The Lancaster boys are all a very gentlemanly set of fellows, but hardly class with Stanford as a ball team.

LINCOLN county people will deeply mourn the untimely taking off of Judge W. Con Bell in far-off Seattle, as the result of a fearful street car accident. Coming here a stranger, almost, as the result of political mutations, he quickly made friends and won a warm place in the hearts of all as a man and as a just judge. He had retired from the bench but a short time, full of honor, and coming at this time, the hand of death seems to have cut unduly short a brilliant career. The tenderest sympathies of our people will go out to the widow, who lies herself in grave danger, as a result of the accident which killed Judge Bell, and many a prayer will ascend on high that the heavy hand of affliction that now rests upon her may be lightened all that is His will.

WILLIAM ADDAMS, of Cynthiana, who is one of the king-bee democrats in the Sixth district end of the state, has announced that he is going to be in the race for the democratic nomination for governor. Rogers Gore, Ben Johnson's secretary, has arrived to open up headquarters for his chief at Louisville—we almost said at the Buckingham—and former Senator McCreary is expected back in Kentucky at an early date and may have something interesting to say in response to the demands from all over the state that he get into the running, too. Looks like the game's going to begin early, and with plenty of entries; but the more the merrier, and may the best man win.

LOUIS LANDRAM has secured Charles T. White, of Harrodsburg, to help him on the Danville Messenger, which will soon be out. White is a corking good man, but it is going to take some mighty high class work to make headway against the paper that the Advocate boys are getting out now. The reading public of Danville ought to be kept fully informed of everything that's doing with such men in their service.

THE killing of a prizefighter at San Francisco has brought out strong agitation among the preachers against the championship mill between Jeffries and Johnson scheduled for July 4 and efforts may be made to have it called off. The man killed was knocked out in a fight and as he fell his head struck the floor so hard his skull was fractured.

NOTE THE BROAD EVEN COLOR which goes on with every stroke of the brush dipped in our paints. They flow so freely and evenly that painting is a pleasure instead of a wearisome task. The colors stay on too. The paints are made of materials that will stand a lot of wear and weather. Give them a trial.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Bids For Road Work

Too High. So Fiscal Court Will Have Re-Letting.

The fiscal court at its meeting Wednesday, April 29th, rejected all bids for crushed or broken stone, to be spread on pikes, because all stone bids were too high, or at least the court so believed.

New bids will be opened May 11th, and any one desiring to bid must do so by sealed bids on or before 10 o'clock a. m. May 11th. This only includes pikes heretofore re-advertised and not those bids heretofore accepted.

It was decided by the court to let the successful bidder have the county rock crushed free of charge on these contracts.

All bids must be sent sealed to S. K. Dudderar, Supervisor.

Eczema—A Germ Disease, Can Now Be Cured.

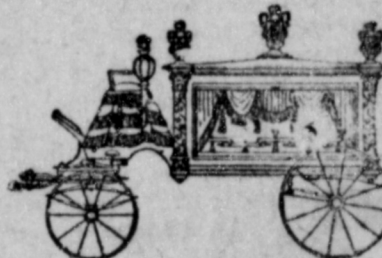

The medical profession is all agreed that Eczema is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germ and destroy them.

Zemo, the clean, external treatment, has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Penny's Drug Store for the booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.
